Dear Ms. Galati:

I just want to congratulate your organization for the professional program, "Ladies at the Helm," at the Sarasota Yacht Club. The instruction course was very comprehensive without being too detailed and "over our heads."

The luncheon choice was enjoyed by all. But, the highlight of the day was the docking. JP was the instructor on the boat to which I was assigned. He was fabulous at instructing. Each of the ladies was able to dock the boats easily thereby increasing our self-confidence. The participants on the other two boats felt the same way but did remark that they would have preferred the separate controls for each of the engines.

The wine and cheese was a lovely finale as were the certificates and the "goodie" bags that some of us were lucky enough to win.

Thank you for a job well done. Although my husband and I are not looking to purchase another boat (we have a 25 year old trawler) I would not hesitate to recommend Galati Yacht Sales.

Please extend my heartfelt thanks to all those who participated in Ladies at the Helm.

Sincerely,

**Marie Rosenblad
