DESCRIPTION

This 2008 48' Maritimo "C Spirit", is an exceptionally seaworthy long range motor yacht with features usually found on much larger vessels. The 48 Maritimo is CE Category A rated. Maritimos are built by Bill Barry-Cotter, Australia's most awarded boat builder. Maritimo is unique in the world of yachting for its common sense approach to design and construction. The result is a craft that is ideal for the cruising lifestyle. Like every Maritimo, the 48 is incredibly frugal on fuel without compromising performance. Her hull shape and engines forward design with the fuel tank forward on the center of buoyancy results in very low shaft angles and excellent trim for fuel efficiency and a smooth ride in rough seas. The large fuel tank and efficient performance provide unmatched speed and range for a vessel of this type. Water tight bulkheads provide an extra level of safety at sea. The entire boat and all her systems are simple and robust for dependable, comfortable, long range performance and cruising.

The original owner purchased this boat new with with a number of custom items including a polished myrtle wood finish interior, upgraded Ultraleather fabrics, custom Silhouette window blinds, stern thruster and hydraulic dinghy platform.

The current owner replaced the teak decks with plasTEAK, for easier care and greater durability. The carpet throughout the cabin has been replaced as well as a few other updates, as noted in the detailed specs. The engine coolers and exhausts were serviced in the summer of 2019 and all mechanical service is up to date. This Maritimo has received exceptional care from her two owners and is ready to go. FULL DETAILS

ACCOMMODATIONS AND LAYOUT

Board the Maritimo 48 via transom doors on either side to the spacious cockpit. This main aft deck is well planned with a fixed fiberglass entertainment console which includes a combo freezer/cooler, BBQ grill and sink. The current owner installed PlasTEAK decking for easy care and durability. The cockpit area also offers a fresh water hot/cold shower, fender and line storage boxes, a large storage lazarette, as well as stair access to the engine room. Side walkways port and starboard, with high bulwarks and stainless railing, gives secure access to the fore deck and bow areas.

Sliding glass doors lead from the cockpit to a starboard side aft U-shaped galley and spacious salon area. The aft deck sliding doors open to port or starboard allowing traffic to flow as needed. The galley is fully equipped and central to the aft deck, bridge stairs, and salon. Moving forward, the salon is light and open with glass on all four sides. It features 2 separate settees, dining table, storage lockers and a fixed flat screen HD TV, as well as a starboard side door to access the foredeck.

One of the unique features of the Maritimo is the interior stairs to the enclosed bridge/skylounge. The enclosed bridge, with reverse cycle air conditioning, allows for the family and guests to cruise together in comfort and quiet. There is great visibility all around plus opening windows and an overhead hatch. The bridge helm has full electronics and two Stidd seats. For guests, the upper salon is equipped with a settee and table, refrigerator and wet bar, and television. There is a wonderful Juliet balcony, or "back porch", off the aft bridge, accessed via a glass door.

Continue forward and down from the salon to the master stateroom to port with center island queen berth and an ensuite head and stall shower. The additional VIP guest stateroom is located all the way forward with a centered queen sized bed. A common head and stall shower is shared with the third guest stateroom which lies aft to starboard. There are overhead hatches in each stateroom and each head.
