DESCRIPTION

This 2006 47' Tiara Sovran "Far from Normal" is a one owner boat that was delivered and outfitted with electronics in the fall of 2006. The 4400 Tiara was renamed the 4700 in July 2006 to more appropriately represent her size of over 50 feet, including the pulpit and swim platform. This boat is also very beamy at 14'6", giving the boat lots of interior volume and a very stable ride. The 44 Sovran has two staterooms, with privacy doors, and two heads plus a very functional galley, comfortable salon and plentiful exterior seating. The QMS11 Diesel engines, with low hours, deliver excellent performance with a 30 mph cruise. The Helm is fully equipped with electronics and features two dedicated air conditioning systems. "Far from Normal" is in outstanding condition with many upgrades, highlighted in the listing. She is referred to as the Savannah edition with upgrades to woods and soft goods. "Far from Normal" has up-to-date service and service records are available. She has certainly had more than normal care and attention. She is seriously for sale and ready for a new home.

Loaded with Features and Options, plus Current Maintenance:

- Twin Cummins Diesel Engines w/Bow Thruster
- Service up-to-date on Engines and Generator
- E 120 GPS/Plotters (2)
