DESCRIPTION

The astounding Maritimo M51 is aimed to amaze, it flawlessly incorporates many benefits you might find on a much larger vessel. One of which is Maritimo's ability to accommodate a large full-beam master stateroom and reliable straight shaft engines into the yacht's configuration. The M51 also has a fully enclosed flybridge and private balcony, which is unique to the world in this size vessel. On a beautiful day transform the boat to an open bridge with rear opening doors and windows, opening port and starboard windows and a massive electric sunroof.

The M51 follows the Maritimo custom of long-range capabilities and a hull design that achieves remarkable seaworthiness in non-ideal conditions.
