DESCRIPTION

If you are looking at a 30-34' Grady White, Pursuit, Everglades, or Boston Whaler Express Fisherman, you must take a look at this vessel. This 2013 Edgewater 335 Express has superior build quality with a vacuum-sealed Variable Deadrise Deep-V hull (SPI, Single Piece Infusion) and closed-cell foam full flotation. No wood, all-composite construction. NMMA, ABYC & CE Certified. No Bottom Paint, Always Lift Kept. This is a battle wagon that has handled 6-8' seas. Layout for a fisherman is also important, and Edgewater's are intelligently designed. This boat is a "fish factory", and appropriately named, with the ability to troll 7 rods. The List price on this boat is now over \$500,000. BUC Value is \$258,000.
